Het is een grote eer voor ons, als Nederlandse Duivensportbond, om gastheer te zijn van dit unieke duivensportevenement. Bovendien zijn we er trots op om u, liefhebber van de duivensport, in het prachtige Maastricht te verwelkomen en als gast in Nederland te ontvangen. Voor Nederland is het de derde keer dat we de Olympiade mogen organiseren. Ook dat maakt ons trots.

De organisatie van dit bijzondere evenement is een zeer uitdagend project geweest. Voor ons als federatie, voor het organiserende comité en alle vrijwilligers die zich hebben ingezet om de 38e Olympiade mogelijk te maken. En ook komende dagen zijn er vele vrijwilligers en professionals die zich inzetten om een prachtig evenement neer te zetten. Dankzij die inzet en betrokkenheid kunnen vele duizenden liefhebbers vanuit de gehele wereld genieten van de sport, kunnen kennis en ervaringen gedeeld worden en kunnen de mooiste en best presterende duiven uit Europa aanschouwd worden.

De Olympiade biedt naast een beurs vol toonaangevende organisaties en een rijk gevulde tentoonstelling ook ruimte aan huldigingsceremonies. Vele Nederlandse kampioenschappen worden gevierd, en uiteraard worden ook de internationale kampioenen gehuldigd. De huldigingsceremonies op zaterdag en zondag zijn voor iedereen bij te wonen. Ook internationale professionals en beleidsmakers die zich bezig houden met onder meer vogelgriep en dierenwelzijn komen tijdens deze Olympiade samen. Zij delen kennis en onderzoeksresultaten tijdens de veterinaire conferentie en zijn in de gelegenheid om de beurs te bezoeken en kennis te nemen van ontwikkelingen op gebied van bijvoorbeeld duivenvervoer. Als Nederlandse bond presenteren we in onze stand een container die voorzien is van geavanceerde meetapparatuur om het transport van de duiven naar lossingsplaatsen zo optimaal mogelijk te regelen. Daarnaast delen we de resultaten van het GPS onderzoek over vlieggedrag/navigatie van de duiven zoals dat het afgelopen jaar is onderzocht en in beeld is gebracht. Verder zijn er leden van het Instituut Wedvlucht Begeleiding (IWB) aanwezig om liefhebbers uitleg te geven over de portal van de Wedvluchtbegeleiding.

Kortom een Olympiade die u als duivenliefhebber niet wilt missen. Ik kijk er naar uit u te ontmoeten een dezer dagen. Welkom in Nederland, welkom in Maastricht, welkom bij de 38e Olympiade!

Ben Geerink

Voorzitter Duivensportbond NPO

It is a great honor for us, as the Dutch Pigeon Sports Federation, to host this unique pigeon sport event. Moreover, we are proud to welcome you, pigeon sport enthusiasts, to beautiful Maastricht and as a guest in the Netherlands. For the Netherlands it is the third time that we may organize the Olympiad. That also makes us proud.

The organization of this special event has been a very challenging project. For us as a federation, for the organizing committee and all the volunteers who have worked hard to make the 38th Olympiad possible. And also in the coming days there are many volunteers and professionals who are committed to putting on a wonderful event. Thanks to those efforts and commitment, many thousands of fanciers from all over the world can enjoy the sport, knowledge and experiences can be shared and the most beautiful and best performing pigeons from Europe can be seen.

In addition to a fair full of leading organizations and a richly filled exhibition, the Olympiade also offers space for tribute ceremonies. Many Dutch championships are celebrated, and of course the international champions are also honored. The tribute ceremonies on Saturday and Sunday are open to everyone. International professionals and policy makers working on issues such as bird flu and animal welfare also come together during this Olympiad. They share knowledge and research results during the veterinary conference and have the opportunity to visit the fair and learn about developments in areas such as pigeon transport. As the Dutch Federation, we present in our stand a container equipped with advanced measuring equipment to optimize the transport of pigeons to release points. In addition, we will share the results of the GPS research on flight behavior/navigation of pigeons as examined and visualized over the past year. Furthermore, members of the Instituut Wedvlucht Begeleiding (IWB) will be present to explain to fanciers the portal of the Wedvluchtbegeleiding. In short, an Olympiad you do not want to miss as a pigeon fancier. I look forward to meeting you one of these days. Welcome to the Netherlands, welcome to Maastricht, welcome to the 38th Olympiad!

Ben Geerink

Chairman Pigeon Sports Federation NPO

Welcome

It is a great honor for me to welcome all participants and visitors of the 38th Racing Pigeon Olympiad! I'm personally very happy, that this Olympics organized in Maastricht by the Dutch federation. Maastricht is easily accessible for the 3 major European racing pigeon nations: the Belgians, the Dutch, and the Germans—so this location is a tribute to their achievements as well.

The most prestigious event of the racing pigeon sport is the Racing Pigeon Olympiad, which is an exhibition and fair at the same time, where the best pigeons are presented and competed based on their previous achievements. At the exhibition, we organize presentations and professional conferences related to pigeon breeding, health, competitions.

Delegates from 60 countries—from all continents—come to the Olympiad. European countries will participate in the largest number, but we have a lot of fanciers and pigeon sport fans from all over the world.

An insurmountable difficulty this year was the European Union regulation, which essentially made it impossible to import non-EU pigeons into the Netherlands. Olympic results can thus only be announced among European pigeons.

The FCI ensures that all pigeon fanciers in the world can compete under the same conditions. This is what the World Best Pigeon championship and the FCI Grand Prix series of races at OLR-s are for. The World Cup and the Intercontinental Cup can also be a field for this.

The FCI, the international association of racing pigeon sport, considers it an important task for the development of the racing pigeon sport to create the conditions for dialogue and joint competition between the various member organizations of the FCI, from large and small countries.

We fanciers, working with racing pigeons, hold great value all over the world, as the racing pigeon is part of the world heritage.

Congratulations all pigeon fanciers whose pigeons are exhibited in Maastricht and special warm congratulations to the WINNERS!

I hope that the Olympiad will strengthen everyone's desire to participate in racing pigeon sport: encouraging our members to continue and our visitors to join us!

Let's prepare together for the 2026 Olympiad organized by the Chinese Racing Pigeon Association!

Istvan Bardos
President FCI

Welkom

Het is mij een grote eer om alle deelnemers en bezoekers van de 38e Racing Pigeon Olympiade welkom te heten! Ik ben persoonlijk erg blij dat deze Olympiade in Maastricht georganiseerd wordt door de Nederlandse federatie. Maastricht is gemakkelijk bereikbaar voor de drie grote Europese postduivenaties: de Belgen, de Nederlanders en de Duitsers, dus deze locatie is ook een eerbetoon aan hun prestaties.

Het meest prestigieuze evenement van de postduivensport is de Racing Pigeon Olympiade, wat tegelijkertijd een tentoonstelling en beurs is, waar de beste duiven worden gepresenteerd en in competitie gaan op basis van hun eerdere prestaties. Op de tentoonstelling organiseren we presentaties en professionele conferenties over duiven kweken, gezondheid en competities.

Afgevaardigden uit 60 landen - uit alle continenten - komen naar de Olympiade. De Europese landen zullen in het grootste aantal deelnemen, maar we hebben liefhebbers en duivensportfans van over de hele wereld.

Een onoverkomelijke moeilijkheid dit jaar was de verordening van de Europese Unie, die het in wezen onmogelijk maakte om duiven van buiten de EU in Nederland in te voeren. Olympische resultaten kunnen dus alleen bekend worden gemaakt onder Europese duiven.

De FCI zorgt ervoor dat alle duivenliefhebbers ter wereld onder dezelfde voorwaarden kunnen concurreren. Daarvoor dienen het Wereldkampioenschap voor Beste Duiven en de FCI Grand Prix serie vluchten op OLR-s. De Wereldbeker en de Intercontinentale Beker kunnen hier ook een veld voor zijn.

De FCI, de internationale vereniging van de postduivensport, ziet het als een belangrijke taak voor de ontwikkeling van de postduivensport om de voorwaarden te scheppen voor dialoog en gezamenlijke competitie tussen de verschillende lidorganisaties van de FCI, uit grote en kleine landen.

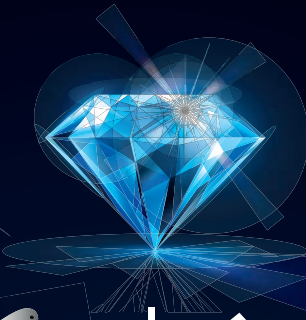

Wij liefhebbers, werkend met postduiven, hebben een grote waarde over de hele wereld, aangezien de postduif deel uitmaakt van het werelderfgoed.

Proficiat aan alle duivenliefhebbers wiens duiven in Maastricht tentoongesteld worden en speciale hartelijke felicitaties aan de WINNAARS!

Ik hoop dat de Olympiade ieders verlangen om deel te nemen aan de postduivensport zal versterken: het aanmoedigen van onze leden om door te gaan en onze bezoekers om zich bij ons aan te sluiten!

Laten we ons samen voorbereiden op de Olympiade van 2026 georganiseerd door de Chinese Racing Pigeon Association!

BELGICA DE WEERD

Belgasol®

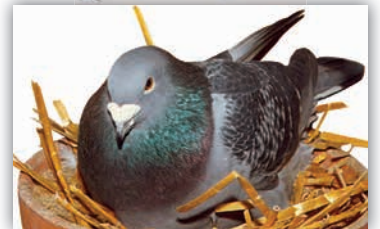

Often imitated, never equaled!

Belgasol is a unique combination of **electrolytes** and **vitamin B2** based on energy carriers, which ensures **super-fast fluid absorption** (rehydration) from the intestines in the event of fluid loss (dehydration). The effect is **better and faster** than with regular electrolytes.

Belgasol is ideal for a **quick recovery** after the race and in preparation for tough races or races in hot weather. When the pigeons return from a race, 25 ml per liter of water, afterwards once or twice a week 15 ml per liter of water. **Belgasol** can even be given until basketing.

During the breeding season, **Belgasol** is the perfect remedy for sudden onset of watery droppings during the transition from crop milk to hard corn. Therefore, give your pigeons 25 ml **Belgasol** per liter of water for five consecutive days from the youngsters being approximately 1 week old. **Belgasol** can be combined with all other **Belgica De Weerd** products.

Belgasol is available in 250 ml, 500 ml, 1000 ml, and 5000 ml.

Quality is the magic word for all BEYERS mixtures

The selection of top quality grains, a fourfold cleaning process and well balanced compositions all ensure that pigeons won't go short of anything. All the grains in the mixtures are purified separately twice before being mixed, after which the mixture goes through another cleaning process and finally the process is finished with a good brushing.

Balanced combination of experience and innovation

BEYERS' impressive history, spanning more than a hundred years, guarantees extensive experience in the production of top quality mixtures for pigeons. Renewal and continuous optimization of the product range ensures that BEYERS is and remains a leading player in the field of pigeon feed.

Top mixtures and complementary products by and for pigeon fanciers

Pigeon fanciers are employed at all levels within the organization, from production to sales and management and these people can empathize perfectly with modern pigeon racing experiences. The company also works intensively with the absolute top of today's pigeon racing sport, both at home and abroad. Through the feedback regarding their practical experiences with BEYERS' products, the mixtures and complementary products can be optimized continuously.

BELGICA DE WEERD Often imitated, never equaled!

Since 1972, **dr. Henk de Weerd** has been active as a veterinarian specialized in the medical and sports technical guidance of racing and fancy pigeons. Due to his background, knowledge and experience, he has become one of the **leading veterinarians** in the field of racing pigeons, who, like his father **Piet de Weerd**, travels all over the world to share his knowledge.

Henk de Weerd is not only a pioneer as a veterinarian, but also in the field of developing **specialized medication** and **feed additives** for pigeons, which are commercialized by **Belgica de Weerd**. All these products have been developed after our own **research** and **extensive practical tests** and are produced in accordance with GMP standards. Naturally, all products are doping-free.

By 2023, Belgica de Weerd has grown into an institute that helps fanciers **all over the world**, from hobbyists to professionals, to achieve their goals in the sport. Together with pigeon vets **Domien van Acker** and **Job Mulder** and assistants **Jan van Wanrooij** and **Iwona Detka**, Henk de Weerd advises fanciers to get and keep their pigeons healthy and to optimally prepare them for breeding, the racing season, the moult or exhibitions.

The innovation for pigeon sport that really adds value!

MAGIC: Elevate Your Pigeons Health!

We are thrilled to unveil our latest breakthrough in pigeon racing care – MAGIC, a liquid supplementary feed enriched with a unique blend of fatty acids designed to revolutionize the well-being and performance of your racing pigeons. Magic isn't just a product; it's a game-changer that supports gut health and promotes overall vitality. Let's dive into the world of MAGIC and discover how it can transform the way you nurture and train your prized pigeons.

MAGIC is more than just a supplement; it's a comprehensive solution crafted to address the specific needs of racing pigeons. Enriched with a potent combination of short and medium-chain fatty acids, MAGIC provides a robust antimicrobial action that fortifies the integrity of the intestinal wall. This not only enhances digestive health but also stimulates food intake, making it an essential year-round product for maintaining overall health and boosting performance during key phases such as training, racing, moulting, and reproducing.

BRICON: The company that really adds value to the innovation in pigeon sport

Sint-Niklaas, a Belgian city located between Antwerp and Ghent is home to the company BRICON. We are a company founded in 1998 and specialise in manufacturing automated systems for pigeon racing.

There are therefore several pigeon fanciers in our midst who help determine the development of our products.

BRICON has always been known for its advanced technology, remember they were the first to build overlapping loft antennas without empty spaces (anno 2000), the first clock that can register automatically online (anno 2012), etc.

And now in recent years the developer of the PAS system, the (currently) only Cloud-based clock where the strike-off also happens automatically in the Cloud itself.

We also developed the fully automated KBDB administration and their registration Cloud, tailor-made for modern pigeon racing.

Our aim is to ensure that pigeon racing is future-proof and give fanciers the benefit of current technology with maximum usability. In many countries, BRICON is therefore the market leader when it comes to EC systems.

We are therefore delighted that the Olympiad 2023 will take place in Maastricht, right in the heart of pigeon racing!

Elevate Your Pigeon Care with CEST PHARMA

Welcome to the world of CEST PHARMA, where passion, innovation, and a deep love for pigeons converge to redefine the standard of pigeon care. In the radiant genesis of our brand, inspired by the joyous flight of pigeons and the laughter of children, we found a calling - to create a world where quality and happiness harmonize.

TOPIGEON

GPS – Auctions / Het Spoor der Kampioenen

GPS-Auctions has been the leading online “pigeon” auction house in the Netherlands for more than 15 years. The supply of pigeons is of high quality every year. Our employees are active at a high level in our sport and this is reflected in a representative inspection report of each pigeon. We support the whole with reliable information and good photos and videos of the pigeons. Many customers are satisfied with the purchased pigeons where they were able to bring their colony to a higher level.

Official partner of: “Het Spoor der Kampioenen” Magazine
The only active racing pigeon magazine in the Netherlands. During the racing season we provide short reports of the race winners. Extra attention to the Grand Prix competitions. In the ‘quiet’ season there is plenty of attention through reports about the champions of the past season. About ten columnists give their views on pigeon racing, both on the organizational side and the substantive side of our sport. Always up-to-date and responsive to current events.
